**KEEPING A FIRM GRIP ON HAND SAFETY**

Our hands are so versatile and play such an important role in our day-to-day lives therefore protecting your hands is extremely important. Let's not lose our grip on safety.

Hand protection should carefully be matched to the hazard and accurately sized to fit the hand it protects.

Did you know that wrong-size gloves may protect the hands from the apparent hazard like heat or sharp edges but if they don't fit properly, they may reduce dexterity, grip and a multitude of other possible issues?

Be careful at all times. Protect your hands.
