PCA 5200 SAFETY

Appointment Calendar

12 safety reminders & emergency procedures throughout the calendar year.

Great for advertising in the industrial workplace.

KEEPING A FIRM GRIP ON HAND SAFETY

Our hands are so versatile and play such an important role in our day-to-day lives. Therefore protecting your hands is extremely important. Let's not lose our grip on safety.

Hand protection should carefully be matched to the hazard and accurately sized to fit the hand it protects.

Did you know that wrong-size gloves may protect the hands from the apparent hazard like heat or sharp edges but if they don't fit properly, they may reduce dexterity, grip and a multitude of other possible issues?

Be careful at all times. Protect your hands.

INSERTING CUSTOMER LETTERS

We can insert personalization letters or flyers in with the calendar. Suggestions include: holiday greetings, flyers on new products, specials or invitations to annual events for the new year. Customer can provide the material for insertion OR we can print them for you. Call Customer Service for quote.

WAREHOUSING

Storage of completed early orders is available at our factory at no charge. Please indicate on your purchase order your required ship date.

Special Note: Appointment calendars will start shipping out as printed starting in August.

INVENTORY - OUT OF STOCK

Due to high order volume during the calendar season (September - December) it is sometimes possible for there to be inventory discrepancies between our customer service & warehouse computers when inquiry about placing an order. We will do our best to accommodate every order but we reserve the right to go back to press, which will cause a delay in delivery. This also depends on the size of the order. If this is not possible we will offer an alternative product.
